# Discussion Points

## *Reasons **for** adopting the recommendation:*

- Investigator able to provide input on findings
- Consistency with findings

## *Reasons **against** adopting the recommendation:*

- PS Currently staffed with 2 sergeants and 3 detectives
  - Detectives would be required to provide findings (supervisory function)

## Final Guidance

Adopt PERF's recommendation for Professional Standards to provide findings.

Recommend the Professional Standards Lieutenant provide the findings rather than the individual investigators.
